

Nora members and friends, your help is needed this weekend preparing Nora for the new flooring!
Details below:

New flooring installation is scheduled for Monday April 29, 2019!!! With this start date confirmed, this means we must complete the removal of all the old flooring, wood base, toilet partitions, etc. this coming Saturday and Sunday, April 27 and 28.

Some basic tools needed:

Wood base - Stiff blade taping spatula, 4" or 6" wide. wonderbar (flat crowbar), channel pliers or visegrip to pull nails thru the back. Most of this is being reinstalled, so locations need to be marked on the back for easier reinstallation. Magic marker. Shrink wrap will be available to put the wood base in bundles.

Vinyl composite tile - Sidewalk type ice scrapers. (Suggest sharpening the edge a little to remove any nicks or burrs. Belt sander works good for this.) Stiff blade taping spatula, 4" or 6" wide.

Carpet - Sharp utility knife with some extra blades, pliers and muscle.

Furniture removal. We have two enclosed trailers to store furniture in. One - 6' x 12'. one 6.5' x 14'. Also trying to find a 3rd trailer if anybody has one. If not, maybe you have a small open trailer and a garage stall available that it can be stored in for the next 10 to 12 days.

Library - The shelving needs to come out of this room also, so if you have some totes or heavy duty moving boxes, please bring to load up all the books.

The coolers and freezers will be coming back on Saturday morning that need to go back in shed.

Roll off dumpster will be on site to take out all old flooring.

Hope to see as many of you there as possible on Saturday at 10 AM. (Sunday at 1 PM if we don't finish on Saturday.)

Thanks.

Church Council.
